2020-21 TREE and SHRUB Program

The Rock County Land Conservation Department tree and shrub sale provides Rock County landowners and others with the opportunity to purchase quality plants at a reasonable rate. Please call us for more information.

- ✓ ORDER EARLY for best selection. Trees are only available in the specified quantities.
- ✓ FULL PAYMENT must accompany your order.
- ✓ Trees arrive in mid-April. The date, time, and location for picking up orders will be sent by postcard and will be posted on our website (above). We cannot hold orders so please make arrangements for someone to stop by.
- ✓ Current in-stock/sold-out species are listed on the website.
- ✓ Trees are perishable! We cannot guarantee stock.
- ✓ We have three tree planters and a chemical sprayer for rent. Call for details before trees arrive.

All trees and shrubs are sold as bare-root seedlings in single species bundles of 25 for \$27.50, or 50 for \$50.00 (plus tax). Splitting bundles into units of 10 are available for \$20.00 each (plus tax).

Trees

Bur Oak, *Quercus macrocarpa*: 18-24 inch seedlings. Grows well on a variety of soil conditions. A slow-growing, rugged beauty. Excellent for savanna restoration. Corky bark protects mature trees from fire.

Fraser Fir, *Abies fraseri*: 12-16 inch seedlings. Referred to as Cadillac of the Christmas trees. Fragrant, dense, dark green ornamental with short, soft needles on upturned branches. Prefers sandy loam, rocky soils, cool sites. 50-70 feet tall.

Norway Spruce, *Picea abies*: 7-15 inch seedlings. Long pendants of short dark green needles hang from graceful, drooping limbs. Keeps lower branches. Excellent for windbreaks. Likes well-drained sandy loams. Full to partial sun. 35 feet tall in 20 years; up to 130 feet. **SOLD OUT**

Red Oak, *Quercus rubra*: 18-24 inch seedlings. Grows best in sandy loam; hardy in clayey to gravelly soils in medium- to well-drained sunny locations. Lots of acorns. Brick-red in fall. 36 feet in 20 years; up to 100 feet tall, broad and rounded.

Shagbark Hickory, *Carya ovata*: 12-16 inch seedlings. Shaggy gray bark. Produces nuts at about 40 years. Prefers deep, moist, rich, well-drained soils found in sunny conditions. Slow growing but very long-lived. Rich yellow fall foliage. Tree grows 60-80 feet tall. **SOLD OUT**

Sugar Maple, *Acer saccharum*: 18-24 inch seedlings. Yellow, orange, and red in fall. Tolerates shade and a range of well-drained soils. Valuable for habitat and wood production. Sap used for maple syrup. Grows up to 100 feet.

White Pine, *Pinus strobus* var. *lake states*: 7-15 inch seedlings. Long, soft needles in clusters of five. Fast grower. Best in full sun, moist well-drained soils. Young trees pyramidal; canopy more horizontal, layered with age. 50-80 feet tall.

White Spruce, *Picea glauca* var. *lake states*: 7-15 inch seedlings. Moderately rapid grower. Blue-green needles. Short dense branches. Good for windbreaks and ornamentals. Endures drought fairly well.

-----Shrubs-----

Nannyberry, *Viburnum lentago*: 18-24 inch seedlings. A large native tree-like shrub. Attractive for its shiny foliage, red fall color and fruit display that turns reddish, changing to bluish-black when mature. Creamy white flowers in spring. Grows in sun or shade, moist to dry sites. 12-15 feet tall.

Silky Dogwood, *Cornus amomum*: 18-24 inch seedlings. White flowers in spring. Blue berries in fall when foliage turns a deep red. Tolerates variety of soil conditions. Grows 4-10 feet tall.

-----Root Gel & Tree Protectors-----

Root Dip Planting Gel is a starch absorbent that retains water and gives it back to the plant during dry periods reducing planting stress. One packet makes dip for 80 12-24" bare root trees. \$3 per packet.

Tree Protectors - Protect your trees from hungry deer and rabbits! Kit includes one 4 foot TUBEX plastic sleeve, one 5 foot stake, ties, and bird net. Easy to assemble. Tubes are re-useable. \$4.50 per kit if ordered by March 26, 2021.
